## Enrollment starts today for new YTI Pharmacy Technician program

UPDATED: 07/14/2014 09:56:43 AM EDT

Enrollment for the new YTI Career Institute Pharmacy Technician program starts today (July 14), according to a news release.

It's a nine-month program that includes hands-on experience in classrooms and labs, and students will also do an externship, the release states.

"The Pharmacy Technician program will provide students with the practical, real-life knowledge employers are looking for," said Carla Horn, YTI's campus president in York. "As the health care industry continues to grow, so does the need for qualified, career-minded employees."

The cost of the program is \$15,000 if you begin class before the end of the year. It includes tuition, books and supplies. Financial aid is available.

For more information, visit [www.yti.edu](http://www.yti.edu) or call the campus at 717-757-1100.
